Organisation Profile

SHUBHMANGAL is a professionally managed matrimonial consultancy, catering to the matrimonial requirements of a large number of people in India and abroad since 1992, maintaining a large data base of marriage prospects. For your service, **SHUBH MANGAL** maintains a fully furnished and equipped office of about 2,000 sq. ft., managed by a dedicated team of about 30+ professionally expert people, operating in different areas to deliver the best and get as many people together as possible. We provide personalized services to the different sections of the society.

Our team has grown in number, beginning its operations with a small work force and still expanding. Starting from almost scratch, our team has worked diligently to create a rich and enormous database of high profile clients in India. Our team of matrimonial experts are well-versed in the dynamics of the Indian marriage system. We have dedicated teams that cater to the requirements of various categories of clientele, such as, Elite, Agarwals & Marwaris, Brahmins & Rajputs, Punjabis and all other castes.

Our System: We match each and every new joining member with our vast database and with all the members joining day to day. Normally some right matches are found, in which case you are informed of the possible matches within two week's time. But, as it has already happened in some cases, if a suitable match is not already in our database, we give details of that particular case to our team of Match Finders, who bring in new matches for which we give them a time period of about 3 weeks. If that also fails, we take assistance of 8 other marriage bureaus, which are affiliated with us and this process also takes about a week's time. However, if still the most suitable match is not found in any given case, we send in advertisements in the newspapers to call in more proposals, for which we attend and keep track of all incoming calls, analyse them in depth and then shortlist from them, matches that are most suitable to our members. **In short, it can be said that we do everything humanly possible to provide most suitable matches to our members and that too within our time limit of 15 days – 3½ month in almost all cases.**

To register as a member, your details are required in a pre-set format, containing your personal details as well as the criterion on which you would base your requirements of a prospective match. This format has to be accompanied by relevant documents and 2 Post Card size matrimony photographs (1. Full standing pose, and 2. A close-up pose). The details obtained are then entered into the information system and carefully cross - profiled against that of the other registered members and finally the matched proposals are presented to you, along with detailed information. If required, contact details of the matched parties are also provided.

To cover the expenses of processing and administrative costs of partner search, some monetary obligation needs to be made at the time of joining. The amount depends upon the kind of services you intend to avail and the involvement of SHUBH MANGAL that you desire in processing your matrimony match.

For any further Details, You are welcome to call us, We would be pleased to be of assistance to You.
